Our dear friends,

Earlier than in the previous years, the spirit of Christmas has been present in our School, since each class has been trying to make the most original creations (products) that mirror a small part of this important holiday. We are doing our best to find models of beautiful, inspiring products, so that children can participate in making them.

We are still praying for Florinel, who is in a home recovery program; his parents are telling us that he will be back in the kindergarten on his own feet.

This month I am writing you about Alex Calin. He is a very nice boy, very charming, sociable, smart, he talks a lot and he is always singing, in order to get the attention of persons visiting our class.

Every now and then, a worker (lady) from the DH takes him home and he is very thrilled about that, and he is always telling us how much he loves Estera (this is the lady's name).

It is difficult for him to focus on the cognitive activities and is very easy to distract.

He loves playing with toy cars, with trains, animals, he loves singing and relating to adults rather than with the kids in his class.

He has a kinetotherapy program (to improve his walking), as well as a speech therapy program.

Please pray with us for the following things for him:

- a family to love and care for him
- a solution for his emotional problems, to be able to focus better
- for his big potential to be better emphasized

We are thinking about you and praying for you, that God fill you with His joy. May we always keep in mind how much He loved us, that He gave everything for our salvation, and may we get closer to Him and to the Heaven that He prepared for us. May he bless Mary Carabaugh with his peace and comfort and bless Leacy and Miller with everything He knows that they need. We are praying for them every day.

We love you and greet you with Isaiah 9:6-7

Love,

Magdi, Ani and Alexia, Bogdan, Darius, Alex, Dani, Damaris and Eugen.
